Notes:- For Supply Only:

- All carports supplied as kit form come with screws, rivets, bolts and welded floor plates.
- Posts supplied are 2.4m long c/w welded floor plates or 3m long if posts are to be concreted. If longer posts are required add:
 - *** Galvanised - \$25 per metre per post.
 - *** Powder Coated - \$35 per metre per post.
- 1 x gutter, 1 x white PVC downpipe, 1 x nozzle and 2 x elbows are included in price.

For Installation:

- The above installation charges allow for bolting the posts to a pre-existing concrete slab.
- If concreting posts into ground is required, add \$60 per post.
- We connect the downpipe to the gutter, but DO NOT connect the downpipe to the stormwater. This is to be done by others.
- Extra Height Carports are subject to additional installation charges as per the following:-
 - *** 3.0m to 3.5m - add \$8.00 per square metre.
 - *** 3.5m to 4.0m - add \$12.00 per square metre.
- Delivery charges **ARE NOT** included in installation price. This is dependant on the location of suburb.
- Pricing of carports where installation is to be done by this company will be subject to a site inspection.

General:

- Price per metre for Polycarbonate sheet \$20.00
- These carports **ARE NOT** designed for pedestrian loading (standing or walking on).
- Precision Aviaries and Sheds will provide a plan view of carport only. We **WILL NOT** provide council submittal, council approval or property drawings. This is to be done by the customer.
- MINIMUM CANCELLATION FEE ON ALL ORDERS IS \$50.00.
- Pricelists are subject to change without notice.
